 CANADIAN DISTRIBUTOR FOR C.C.JENSEN SINCE 1995 

October 27, 2025

Dear Customers,

For over 30 years, it has been our pleasure to supply and support C.C.Jensen Filtration Products across Canada. Our commitment remains strong, and we will continue delivering the reliable service you expect.

We have worked diligently to keep pricing consistent by optimizing purchase timing and maintaining substantial inventory as a buffer against fluctuations. However this year, like many of you, we are facing pressures from the U.S. tariffs, a weakening Canadian dollar against the Euro, and rising European raw material and manufacturing costs. These factors, combined with an additional adjustment from C.C.Jensen, have made it necessary to update our pricing.

Effective December 1, 2025, new rates will apply to all orders and quotes. For orders placed before then, prior price quotes will be honoured for stocked units and spare parts.

Thank you for your understanding and continued trust in us for your oil maintenance needs.

Sincerely,

Klassen Advanced Filtration
